**October 16-17, 2021**

with Northeast College of Health Sciences PostGrad

**NYSCA  
2021**

Fall Symposium

# NYSCA Webinars

**NYSCA Continuing Education Programs** are sponsored in part by the OUM Chiropractor Program (OUM).

OUM is a Premier Corporate Sponsor of the NYSCA. They are a national insurance services company, underwritten by PACO Assurance Company, Inc. or PICA, which specializes in providing professional liability insurance to chiropractors. OUM recognizes that its primary responsibility is to provide quality claim services to its insureds.

## About NYSCA Membership

As a member of the NYSCA, you are a shareholder in the largest Chiropractic organization in New York State. Exercise your shareholder interest often; participate and get involved. Let your voice be heard. Remember, we are in this together.  
- Louis Lupinacci, Past President

## FAQs

**What is a webinar?** A live webinar is a real-time, interactive, internet based program. Live webinars are offered on, and require attendance at a specific date and time. It is recognized by NY and other selected states as a "live" presentation, and therefore not restricted under distance learning regulations.

**How is my attendance recorded?** Each registrant must use their OWN device to view the webinar to be eligible for CE / PDA credit; you cannot share computers. You must be logged in to VIEW the webinar for to be eligible to obtain CE / PDA credit and CANNOT LISTEN ONLY. Sufficient time-log is mandatory to receive CE credit.

### What devices are supported?

#### Operating system

- Windows 7 - Windows 10
- Mac OS X 10.9 (Mavericks) - macOS Catalina (10.15)
- Linux
- Google Chrome OS
- Android OS 5 (Lollipop) - Android 9 (Pie)
- iOS 10 - iOS 12
- Windows Phone 8+, Windows 8RT+

#### Web browser

- Google Chrome (most recent 2 versions)
- Mozilla Firefox (most recent 2 versions)

**When will my CE be processed and my transcript be available?** Notification emails will be sent to attendees once a course transcript becomes available. For Sponsored courses, CE transcripts will be made available on NCHS's website within 30 days of the seminar (pending attendance verification).

# Class Descriptions & Presenters

## Policy Notice

The NYSCA makes every attempt to offer programs as publicized. We nevertheless reserve the right to alter and/or adjust program details, including but not limited to dates, locations, times, instructors, and presentation sources and sequences.

## CE Notice

Continuing education credit (CE) is provided by Northeast College of Health Sciences.

Neither a speaker's or exhibitor's presence at a seminar/ course/ lecture/ webinar/ online presentation (event), nor product mention or display, shall in any way constitute Northeast College endorsement. Northeast College's role is strictly limited to processing, submitting, and archiving program documents on behalf of course sponsors.

## License Renewal

This course is valid for Doctor of Chiropractic CE credits in "pre-approved" states, so long as it falls within the scope of practice as outlined by the corresponding state board. It remains attendees' responsibility to contact the state board(s) from which they seek continuing education credits for purposes of ensuring said board(s) approves both the delivery method and content as they relate to this event. Pre-Approved: CO, CT, DE, DC, ID, IL, IN, IA, MA, MD, MS\*, MT, NE, ND, NH, NJ (DC only), OH, OR, RI, SC, UT, VT, VA, WA, WY, Puerto Rico, Canadian Provinces (except AB); \*Does not accept online.

## Assessment and Treatment of TMD

Justin Hildebrand DC

Saturday, Oct 16, 2021 | 1pm-3pm | 2CE

Sponsored by NCMIC

Assessment and Treatment of TMD introduces the doctor to the anatomy and biomechanics of the temporomandibular joint and temporomandibular dysfunction. The practitioner will learn common TMJ dysfunctions, movement disturbances and testing protocols. Common muscle relaxing and treatments will be shown along with gentle joint mobilizations. Lastly, common rehab exercises will be discussed that can be utilized by the doctor and patient to increase TMJ mobility.

## How a Pro-inflammatory Diet Promotes Osteoarthritis and Tendinopathy and Degenerates Skeletal Muscle

David R Seaman DC MS

Saturday, Oct 16, 2021 | 3pm-5pm | 2CE

Sponsored by NCMIC

Over 70% of the adult population in the United States is overweight or obese, and about 25% of the adult population suffers from the metabolic syndrome, which is a chronic hyperglycemic state. The combination of obesity and metabolic syndrome work synergistically to create musculoskeletal tissue degeneration slowly over time, the most notable conditions being osteoarthritis and tendinopathy. Skeletal muscles also go through a similar degenerative response, which leads to muscle atrophy, a loss of muscle stem cells, and lipotoxic fat accumulation.

## Cervicogenic Headache and Related Disorders

James Demetrious, DC, FIANM, FACO

Saturday, Oct 16, 2021 | 5pm-7pm | 2CE

Sponsored by NCMIC

Course attendees will receive current, advanced perspectives utilizing clinically relevant diagnostic, imaging & therapeutic approaches.

## Utilizing Laboratory Tests when Managing Musculoskeletal Pain and Inflammation

Angelo Ippolito DC

Sunday, Oct 17, 2021 | 10am-12pm | 2CE

Sponsored by LabCorp

We will present a review of the role laboratory testing plays in the evaluation and management of patients presenting with musculoskeletal pain in general, and back pain specifically. We will also discuss appropriate lab tests for musculoskeletal pain including back pain.

## Conservative Care for the Scoliosis Patient

Andrew Strauss BS DC MS

Sunday, Oct 17, 2021 | 12pm-2pm | 2CE

Sponsored by CLEAR Institute

Description of what will be covered and goal of the 2 hours is to give an overview of conservative scoliosis care, introduction to the key concepts in the fields of chiropractic, scoliosis specific exercise, bracing and surgical approaches. Take away goals are to provide ability to accurately assess the scoliosis patient (red flags), give participants confidence to understand what to avoid with care and what kind of recommendations to make when treating or referring a scoliosis patient. I will review options for dealing with scoliosis. Most importantly, I want to give participants the information to address the FAQ's of the parents.

## Documenting the Pediatric Visit

Jenny Bocker DC, DICCP

Sunday, Oct 17, 2021 | 2pm-4pm | 2CE

Kids are more than just small adults and their chiropractic treatment needs to be tailored to their unique anatomy and physiology in order to provide safe and effective care. Each part of the patient visit requires special attention to the age and development of the patient. This Course will highlight some of the current research on the safety of pediatric chiropractic care and the unique aspects of conducting and documenting a pediatric patient visit, including a narrative history, physical exam, and daily SOAP notes.

Presenting the New York State Chiropractic Association

# 2021 Fall Symposium

October 16-17, 2021 via webinar with NCHS Postgrad
