Class Descriptions & Presenters

Mr. Benjamin Carpenter

Sponsored by American Arbitration Association
The No-Fault Arbitration Process:

What You Need to Know

Friday, March 27, 2025 | 3pm-4pm

During this one-hour presentation, we will provide a start to finish walkthrough of the arbitration process, including: how to file, how to prepare for your arbitration, what documentation you should bring, how to handle yourself during the arbitration hearing, and what to expect after you file and after the hearing.

Ben Carpenter is the Vice President of Operations at the American Arbitration Association's (AAA) New York Insurance Case Management Center. Ben brings over 20 years of experience in No-Fault Insurance and business operations to his role. He oversees the day-to-day operations of the New York No-Fault Arbitration Program, ensuring its smooth and efficient functioning. He is also actively involved in public education campaigns aimed at raising awareness of the New York No-Fault Arbitration Program and the advantages of Alternative Dispute Resolution (ADR).

Dr. Etienne DuBarry

Sponsored by O1M Spine Care System

Treating Mechanically Larger Patients Using the Arc of Tension Model

Sunday, March 29, 2025 | 8am-12pm

This course is designed to provide healthcare providers with an in-depth understanding of how to effectively treat mechanically larger patients utilizing the Arc of Tension model. The curriculum is structured to enhance practical skills and theoretical knowledge through a series of detailed presentations, demonstrations, and hands-on practice. Each session has been incremented by a half-hour to allow for more comprehensive coverage of key concepts and techniques.

Dr. DuBarry has lectured for the FCA (Florida) Parker (Las-Vegas, Dallas) Keiser university, and multiple schools in the US and abroad (IFEC Paris and Toulouse). His field of interest is "Hands on Manipulations" and a universal model for spinal adjustment called "the Arcs Of Tension" that maximizes the effectiveness of any hands-on technique.

Dr. James Forster and Dr. Cal Forster

Sponsored by NutriWest NY

Pediatric Chiropractic:
Forster Your Pediatrics

Saturday, March 28, 2025 | 2pm-6pm

Taking the fear and apprehension out of treating newborns. Feeling secure with a newborn infant delivering chiropractic adjustments. Forster your health on pediatrics: Over six decades of Forster Healthcare saving hundreds of thousands of babies'

trajectory of life from the irreversible damage being done before a baby knows they even have a chance.

Dr. James Forster is the son of the late-great Dr. Arnold Forster, one of the originators of Applied Kinesiology. Dr. J. Forster earned his Doctorate of Chiropractic from New York Chiropractic College (NYCC) in 1985 and was tutored in depth by his father for many years. Dr. J. Forster's purpose in life is to provide Chiropractic care for newborns from zero to three years old and the application of laboratory analysis in a functional health clinic environment.

By virtue of Dr. Cal Forster's birthright, he was destined to live a path of holistic wellness. As a 3rd generation Chiropractor, Dr. C. Forster is proudly following in their footsteps, the lineage has provided the platform and privilege of being a pioneer in the field. It is Dr. C. Forster's life's mission is to take the generational word-of-mouth teachings that have turned around countless patients from incredible suffering, to top tier thriving.

Assessment and Treatment of
Retrochanteric Pain Syndrome

Sunday, March 29, 2025 | 8am-10am

Join this dynamic and interactive lecture that will explore sports injuries of the Retrochanteric region as entities and a catalyst in recovery and performance. Examine this region of the hip and its structural, neurological, and functional biomechanics. Gain skills in hip diagnosis and recovery phase planning. This course will work through a static and functional movement assessment to better understand patients' kinetic chain patterns for success or injury predisposition, in addition to looking at nerve entrapment sites in the region.

Kinetic Chain Unwinding for
Performance Enhancement

Sunday, March 29, 2025 | 10am-12pm

Understanding the high-level athlete and the mission in performance from a clinical perspective enables the healthcare provider to tune into the needs of the patient. Unpeeling the kinetic chain to enhance performance begins with reading the athlete's musculoskeletal story. This course will dive into the research, assessment skills, and recovery strategies for unleashing performance and injury prevention in your professional athletes.

Dr. Christine Foss has a Master's degree in Sports Medicine from Old Dominion University, a Doctorate in Chiropractic from New York Chiropractic College, and a Doctor of Medicine degree from the University of Health Sciences. She is a Certified Athletic Trainer, a Diplomate of the American Chiropractic Board of Sports Physicians, a Diplomate of the American Chiropractic Rehabilitation Board, and an Interna-

tionally Certified Sports Chiropractor. She was named the 2020 American Chiropractic Association Sports Council Chiropractor of the Year and the 2023 Federation of International Sports Chiropractic Educator of the Year.

NYS Updated Mandated Reporter

Training Requirements

Friday, March 27, 2025 | 2pm-4pm

*Additional Registration Fee Required

Updated Mandated Reporter Training Requirements. Chapter 56 of the Laws of 2021 amended Social Services Law § 413 to require additional training to include protocols to reduce implicit bias in decision-making processes, strategies for identifying adverse childhood experiences, and guidelines to assist in recognizing signs of abuse or maltreatment while interacting virtually within the New York State Mandated Identification and Reporting of Child Abuse and Maltreatment/Neglect coursework. This law requires that mandated reporters, including those who have previously undergone the current training, complete the updated training curriculum by April 1, 2025.

As a Licensed Mental Health Counselor and Educator/Presenter, Heather Frederick has a demonstrated history of working in mental health, higher education, and public school based industries. She is skilled in several evidenced based therapies, crisis/trauma, individual and group therapy, health care system management, community services, program development, and financial/budgetary development and planning. Additionally, she has certifications as an instructor for several educational programs including Talk Saves Lives, ASIST, Adult Mental Health First Aid, Safe Zone, and Trauma Responsive Care. She is passionate about building relationships through education that support the overall well being of individuals and the community at large.

Innate Nutrition for the

Chiropractic Clinician (Pt 1&2)

Friday, March 27, 2025 | 4pm-6pm

Saturday, March 28, 2025 | 8am-10am

The objectives for this presentation are to cover the science of a healthy diet and to review the supplements that experts agree must be consumed daily for optimal health physiology. It is an informative class on innate nutritional that serves as an adjunct to traditional chiropractic mechanical care and it is timely and necessary. It is designed to not only inform the practicing chiropractor, but to help the chiropractor, their family and their patients improve their own health and improve patient clinical outcomes.

Dr. Murphy graduated magna cum laude from Western States Chiropractic College in 1978. He received his Diplomate in Chiropractic Orthopedics in 1986, and now has more than 40 years of practice experience.

History and Future of Non-Surgical

Spinal Decompression

Saturday, March 28, 2025 | 2pm-4pm

This course is designed for healthcare professionals seeking to deepen their knowledge of non-surgical spinal decompression (NSSD) by exploring its history from both technological and research perspectives. The course is divided into five sections: interpreting MRIs, reviewing radiology, examining the history and evolution of NSSD, discussing research and published clinical studies on NSSD, and sharing detailed ideas and strategies for bridging the gap between the medical community and chiropractic care through NSSD.

Dr. Terry R. Yochum is a second-generation chiropractor and cum laude graduate of the National College of Chiropractic, where he completed his radiology specialty. A Diplomate of the American Chiropractic Board of Radiology, Dr. Yochum is currently the Director of the Rocky Mountain Chiropractic Radiological Center in Denver and an Adjunct Professor of Radiology at Southern California University of Health Sciences. With over 1,000 lectures and 250 scientific articles to his name, Dr. Yochum is a respected leader in the field.

Mr. Saleem Musallam, a Johns Hopkins-educated Healthcare System Engineer, is the CEO of two FDA-registered medical device manufacturing companies, Excite Medical and US Orthotics. He serves on the University of South Florida's Board of Medical Engineering and the Board of Directors for the Florida Medical Manufacturers Consortium, which represents over 900 FDA-registered medical device manufacturers. His flagship device, the DRX9000 Spinal Decompression Machine, is used in over 1,200 healthcare centers and five universities worldwide.

NYSCA President's Welcome Reception

Join us for the President's Welcome Reception following classes on **Friday, from 6pm-7pm** for hors d'oeuvres and beverages. Registered participants may enjoy a complimentary beverage from the bar and be entered for a chance to win a door prize of \$100 cash, courtesy of the NYSCA!

Please bring a supply of your business cards to participate in exhibitor games and giveaways!

Participating exhibitors will be noted on the exhibit hall floor plan.

Fun and Games

Exhibit Hall Passport

Convention participants play to win \$100 cash

This game is free for all convention participants. Visit each exhibitor to obtain your passport "stamp" (signature). Drop your completed entry form at the NYSCA registration desk by 5:00pm Saturday to be entered to win a \$100 cash prize.

Exhibit Hall Scavenger Hunt

Convention participants play to win \$100 CASH.

This game is also free for all attendees.

Participating exhibitors submit questions, and attendees will receive the answers from the company representative at the convention. These questions are basically information the exhibitor wants each attendee to know about their product or service. For example a fitness company might submit the question: "How long does a workout have to be in order to be effective?"

Submit your completed scavenger hunt form at the registration desk. Drawings will take place on Saturday following the afternoon break.

Why Be a Member?

The NYSCA believes that doctors of chiropractic can contribute significantly to public health with their expert musculoskeletal care and their focus on a natural, whole-body approach to enhancing health and wellness. The NYSCA strives to remove any barriers that prevent patients from accessing the services of doctors of chiropractic.

By joining the Association you will be taking an important step in unifying the voice of Chiropractic in New York. Collectively, we can more effectively accomplish our goals of promoting, advancing, and defending the rights of our profession and our patients. Take full advantage of this opportunity to affect the future of your profession by becoming an active member. Let YOUR voice be heard. Join today!

NYSCA Membership Benefits
